

Amino Max

Advanced Muscle Recovery Blend[†]

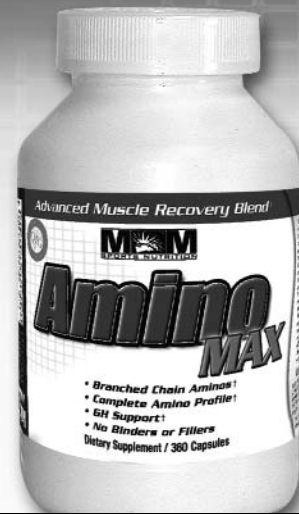

AminoMax is a powerful blend of concentrated high quality amino acids formulated to support muscle growth and recovery. We use only the finest raw materials available to ensure what most companies won't . . . RESULTS! Rather than making tablets that require damaging heat and pressure, **AminoMax** is encapsulated, which means it contains no unnecessary fillers or binders and will easily break down and assimilate faster than tableted amino acid formulas. **AminoMax** is manufactured from a special blend of low molecular weight amino acids from high quality whey protein, an outstanding source of complete amino acids. This whey protein is predigested (broken down) into small mono, di, tri, and poly peptides making it ready for immediate assimilation by the body. High in the Branched Chain Amino Acids (BCAAs) L-Leucine, L-Isoleucine and L-Valine, research shows that BCAA's are used extensively during intense training and **AminoMax** can help put them back. **AminoMax** also contains vitamins B-6, B-12 , and the minerals calcium, magnesium, phosphorus, potassium, and Zinc. These nutrients are useful in many metabolic reactions. Also included is the powerful fat shuttling amino acid L-Carnitine. When used in combination with proper exercise and a healthy nutrition plan **AminoMax** can help you achieve your physique goals by providing you with vital amino acids, BCAA's, vitamins, Minerals, and other nutrients in a convenient capsule formula. Take your physique to the Max with **AminoMax!**[†]

Size: 360 Capsules
Serving Size: 6 Capsules
Servings Per Container: 60

KEY FEATURES

- Advanced Muscle Recovery Blend
- Fast Absorption Formula
- Branched Chain Aminos
- Complete Amino Profile
- GH Support
- No Binders or Fillers

KEY MESSAGES

- Powerful blend of concentrated pharmaceutical grade amino acids formulated to promote muscle growth and recovery.
- MMSN utilizes only the finest raw materials available to ensure what most companies won't, results.
- Amino Max is encapsulated and contains no unnecessary fillers or binders.
- Amino Max breaks down and assimilates faster than tablet formulas.
- Amino Max is not exposed to excessive heat and pressure like tablets are which can destroy the amino acids.
- Special blend of low molecular weight amino acids ready for immediate assimilation.
- Includes the crystalline-free form BCAAs, L-Leucine, L-Isoleucine and L-Valine to help fuel muscle during intense training.
- Contains vitamins B-6, B-12 and the minerals Calcium and Magnesium to assist the body in absorbing the amino acids more rapidly and efficiently.
- Includes the powerful fat burning amino acid L-Carnitine.

TARGET MARKET

Primary: Strength-training athletes and bodybuilders wanting to elevate and maintain positive nitrogen levels during training.

Secondary: Athletes in need of extra protein that are on calorie-restricted diets. Amino Acids are excellent to use in preparation for a bodybuilding contest.

B-6 (as Pyridoxine HCl)	15mg	750%	
B-12 (as Cyanocobalamin)	1mcg	15%	
Phosphorus	13mg	1%	
Magnesium (from Magnesium Oxide and Whey Protein)	80mg	20%	
Chromium (from Chromium Picolinate)	5mcg	5%	
Octacosanol	6mg	**	

*Percent Daily Values are based on a 2,000 calorie diet.
 **Daily value not established.

Ingredients: Low molecular short chain peptide amino acids from predigested pancreatic digest of casein, L-Lysine, Calcium Carbonate, L-Ornithine, L-Arginine, Magnesium, L-Leucine, L-Valine, L-Carnitine, Octacosanol, L-Isoleucine, Vitamin B-6, (pyridoxine hcl), Chromium, Vitamin B-12 (cobalamin concentrate).

Directions: As a dietary supplement take 6 capsules, 2 to 4 times daily, 2 - 3 hours apart, depending upon your training intensity level. Drink 8-10 glasses of water per day.

Typical Amino Acid Profile

Isoleucine	148mg
Leucine	362mg
Lysine	283mg
Phenylalanine	105mg
Threonine	141mg
Tryptophan	56mg
Valine	153mg
Methionine	68mg
Cystine	71mg
Alanine	160mg
Arginine	83mg
Aspartate	305mg
Glutamate	491mg
Glycine	57mg
Histidine	51mg
Proline	144mg
Serine	122mg
Tyrosine	120mg
Ornithine	3mg
Carnitine	3mg
